

EXT RESCUE™ 4013

The best extrication glove has to be more than just an extrication glove; an adaptable, versatile, and dexterous glove that you can trust – that's what first responders asked for. The answer is the EXT Rescue 4013, with high-grip TP-X™ reinforcement for increased durability, and our advanced impact-protective technology. This multi-faceted tool gives you ISEA Level 5 cut-resistance on the palm, keeping you protected from threatening sharp edges. We also added an anti-debris SlipFit® cuff, for rapid on and off between missions. The most flexible rescue glove available, the EXT Rescue™ 4013 also offers the comfort and durability to serve alongside our courageous first responders. With so many lives depending on you, HexArmor® wants your hands in dependable gloves.

the science of safety.®

Rescue gloves that are as vigilant as the first responders that wear them; that was the mission behind our EXT Rescue™ 4013 gloves. A high-grip palm and fingertips paired with our SlipFit® cuff accomplishes the mission and gives you the versatility you need.

FEATURES:

- SuperFabric® brand material palm provides ISEA Level 5 cut resistance and maintains the highest level of protection available in the industry (interior layer)
- Durable TP-X™ palm and fingertip reinforcement utilizes the highest-level of abrasion resistance while maintaining an oil-resistant grip (exterior layer)
- Superior back-of-hand impact protection system utilizes an advanced design to dissipate forceful blows over a large area
- Exterior and interior seams implement a double stitched core-spun thread, adding further durability and longevity
- Reinforced index finger and thumb saddle extends glove life
- SlipFit® and anti-debris cuff assists a quick on and off between tasks
- Hi-Vis color scheme increases visual awareness
- Machine washable
